

2021-2024 Olympic cycle First Training Camp

We are at the start of a new Olympic cycle. Gathering potential athletes and committed AGNT and SNT coaches under the same roof is paramount to build a structure with a long-term vision of success. The main objective of the training camp is to evaluate all athletes from across the Country that are potential to participate in the Senior Women's National Team immediately or in the future. Therefore, building the Senior National Team Athlete Talent Pool.

The date for the camp is November 21-28th 2021. The schedule and content will be sent upon registration.

The camp will be composed of three classifications of athletes:

- Senior National Team Athletes
- Senior National Identified Athletes (Previous NextGen program)
- Athletes identified by their respective HPC/RDC/PSO as potential to the Senior Team

Senior National Team Athletes & Senior National Identified Athletes

All identified athletes will be directly contacted by the National Team Head Coach.

HPC/RDC/PSO identified Athletes

All other athletes will be nominated through the conduit of the High-Performance Centres and Regional Development Centres. Current NCAA and athletes competing abroad need to report to their HPC/RDC/PSO to be nominated for the training camp.

Vaccination Policy

All athletes are expected to adhere to the vaccination policies put in place by the local health authorities and the institution of INS Quebec. You can find information to these links here: <https://www.insquebec.org/en/accueil/informations-covid-19/>

Only adequately vaccinated persons (2 doses for at least 14 days) may access INS Québec

All athletes travelling from outside of the province of Quebec will be required to show a negative PCR test within 48h of their arrival. Tests can be completed in Montreal for free at a public screening location placed near the hotel. Test results are provided within 24h
